- Klinisch onderzoek

Wie heeft wel eens gekeken op www.dsm5.org ?

Wat gaat er op hoofdlijnen veranderen in de DSM-5?

Belangrijke veranderingen DSM-5

- Meer gebaseerd op onderzoek (ook field trials)
- Geen aparte categorie Kinder & Jeugd stoornissen
- As 2 persoonlijkheidsstoornissen naar as I
- As 5 (GAF) vervangen door WHO-DAS
- Living document versie DSM- 5.1, DSM-5.2
- Dimensies naast categorieën
- Biomarkers in DSM-6

DSM-5 metastructuur

- | | |
|---|---|
| A. Neurodevelopmental Disorders | L. Elimination Disorders |
| B. Schizophrenia Spectrum and Other Psychotic Disorders | M. Sleep-Wake Disorders |
